

March Newsletter

The Green Room will be reading and learning about animals in March. Our Dramatic Play will be set up as Pet shop and Veterinary Office. Our sensory table this month is Water! We will also be artistically experimenting (rolling, pounding, coiling) with clay that will be fired through Northern Clay. March 17th is St. Patrick's Day and we will celebrate with Green Eggs and Ham and potato printing. Just as we are dreaming of warmer weather in Minnesota, Judson celebrates Beach Day... March on the playground can be very muddy. We encourage open-ended play and problem-solving which can be very dirty and wet. Please forgive the mess. If the temperature allows, rain boots may be a good choice.
